

Dragu Family Update Spring 2022

Praise the Lord! My migraines have been a lot better! Thank you for your prayers I appreciate it so much!

Our little Olivia is healthy and growing. We have an appointment with the American embassy on the 12th of May to acquire her American citizenship. We would appreciate prayers for God's favor to go before us and make the process smooth. There is a lot of paperwork involved and we are praying I have what is required with me here in Romania. If all goes according to plan, we hope to be able to see you soon on our trip to the states in the summer.

Ministry has been going well. We had a very nice Easter in Roseti. The children sang a few songs about Jesus being alive and we also had a few lessons where we talked about His great sacrifice and gift to us. I pray they understand all that Jesus did for us and they will choose to live for Him.

Springtime is here! Our challenge now is getting the kids to focus and do their homework. For some, just getting them to stay in school becomes difficult because the weather is nice and they just had their spring break. While they so enjoy their time off, they often lose the rhythm and interest in going to school.

Continue to pray for Draguta. Her health continues to decline, and she just needs strength to make it through the hard days. She is such an example for what it looks like to remain faithful to God even when you continue to suffer and don't get the healing you have prayed for.

With the youth, it is consistently proving to be a challenge to keep the teens coming and to encourage them in their relationship with God. There are so many things that are in competition for their attention. We pray they will understand the importance of prioritizing God and how he is the one who will help them navigate through all of the storms of life. Please pray we would have wisdom and creativity on how to teach and love them well.

Have I thanked YOU lately? Without your prayers and support we would not be able to continue the ministry of reaching the lost and teaching them about our wonderful Lord. You are a tremendous blessing to us!
